

Recent Migrant Volunteers: ORGANISATIONAL FEEDBACK FORM

The following survey is a short questionnaire that can gauge how well your organisation is doing in relation to the strategic vision and values outlined in Te Rautaki mō Whanaungatanga, the national recent migrant volunteering strategy.

The vision of the strategy is that:

Recent migrants are empowered to connect to, engage with, and enrich their communities through meaningful volunteering. Recent migrants have opportunities to participate in inclusive, ethical, and impactful volunteering that is valued and supported by communities and community organisations.

NB: While the questions are framed with the intention of showing how your organisation meets the vision of the recent migrant strategy, the survey questions can also give an indication of how your organisation is doing along the axis of inclusion, belonging, and volunteer satisfaction more generally.
